CREATE A SUCCESSFUL FUNDRAISER WITH GBC fundraising

WITH THE NATION'S OLDEST FUNDRAISING COMPANY

"This is our 3rd year doing a pictorial calendar with Gordon Bernard. Our high school cheerleaders work very hard not only cheering sidelines and pep rallies but they also work through out the year to be a full competition squad. Most of our expenses would come out of parents' pockets without successful fundraisers & these calendars have been one of our major sources. Area businesses and supporters have been so impressed with our calendar that we've had to add in an additional month and turn away picture sponsors. Thank you to Gordon Bernard for creating a high-quality product at a reasonable price."

"Each year, our calendar gets better and better ... and I want to thank you and every member of GBC who made this year's calendar possible. I appreciate all of your hard work dedication, and truly enjoy working with you! You have no idea, the many lives this calendar enriches ... and whose proceeds it helps save!"

"Our calendars arrived yesterday! Naturally, I had to open a box immediately and have a look. They look fabulous and I am so pleased. I can't wait to share them with our other members and begin selling them to the public on Saturday. We can't thank you enough for all your hard work and attention to detail. We are especially grateful that you were able to catch and make those last minute corrections. Please convey our thanks to your entire team for a calendar of which we can be proud to display."

DECIDE YOUR GOAL

Cost and Profit Example:

To meet a \$5,000 profit goal on a 200 calendar order, you should sell 36 ads for \$200.00 each – or less ads at a higher rate without selling a single calendar.

Here is the breakdown:

- Your cost of 200 calendars is \$854.00 (\$4.27 each)
- Your cost of 36 advertising spaces including color and logo is \$1305.00 (\$36.25 each space)
- Your income generated from selling the 36 ads at \$200.00 each is \$7200.00

$$\text{Expenses of } \$854.00 + 1305 = \$2159.00$$

$$\text{Ad income} = \$7200$$

This leaves a profit of \$5041

Suggested Advertiser rate breakdown:

365 Days of advertising based on a quantity of 200 calendars

- Ads @ \$200.00 per block space = .55 cents a day / \$16.99 cost to your advertiser per month.
- Ads @ \$500.00 per block space = \$1.37 per day / \$42.47 cost to your advertiser per month.

*Make additional revenue by selling your calendars!
 Suggested calendar sale rate = \$10.00 per calendar
